

PT Lab Act 5.3.2.1: Implementing Static Routing

Topology

Objectives

1. Develop the Physical Topology - 20pts
2. Compute For addresses based on the topology, use 198.200.248.0/22 - 25pts
Plot the addresses on a table or assign it on the given topology.
3. Apply Static routing to enable communication between networks - 30pts
5. Verify and test connectivity - 30pts
